PROPERTY LOSSES.

(Ireland)

Dublin, _____ 1916.

COMMITTEE, 1916.

Sir,

*I beg to acknowledge your claim
in this matter, which will receive
attention.*

Your obedient servant,

J. J. HEALY,

Secretary.

25th Octr.,

Dear Sirs,

I beg to acknowledge receipt of your letter of 21st instant, and in reply I am to state that the Committee are precluded by the terms of reference from considering loss of profits. The remaining items in claim were very fully and carefully investigated and the Committee regret that they cannot vary their recommendation.

As regards the London & Lancashire Plate Glass Policy the Committee are informed by their Assessor that it was probably handed to your Manager to see the Insurance Company in reference to their liability to replace the Plate Glass in Shop Fronts.

Yours faithfully,

Secretary.

Dear Sirs,

We received cheque from the Chief Secretary's Office this morning for £150. 0. 0., and we consider we have been very unfairly treated. You have our detailed claim, as per copy of letter we have addressed to the Chief Secretary's Office, and we sincerely trust that your Committee will further consider our claim, which we consider fair and reasonable. We have suffered very considerable loss, in fact, the amount sent us does not in any way compensate us for the loss we have been at.

Dear Sir,

We are in receipt of your draft £150. 0. 0., which is marked in full settlement of our claim. We do not consider this just or equitable, in as much as you have the following details before you of the claim which we have made, and which are vouched by us as far as it was possible for us to do so.

The amounts are as follows:—

	£	s.	d.
Loss by looting.....	100.	18.	6.
Repairs to roof of premises as per estimate attached.....	38.	0.	0.
Glass broken in front of premises Upper portion as per Sibthorpe's estimate.....	7.	3.	5.
Lower portion as per Brooks Thomas estimate.....	4.	8.	11.
Damage to front of building by machine gun and rifle fire, Keating's estimate enclosed.....

	£184.	1.	3.

	£	s.	d.
Brought forward.....	184	1.	3.
Putting new lock on door, cost to ourselves.....		10.	6.
Damage to office furniture, per Messrs. Walsh & Sons estimate.....	6.	10.	0.
New black-tin stationery case.....	2.	0.	0.
Repairs to ^{acid} steel boxes.....		6.	6.
Damage to goods in warehouse by bullets.....	2.	11.	6.
Making a total of.....	£195.	19.	9.

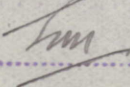

There is also our claim for loss of profits, which we may tell you is no fault of ours, and which was caused by the fact that we lost our Show Week work at Ballsbridge, as well as the week following, and in this connection we would respectfully point out to you, that we are insured by the London & Lancashire Insurance Co. for £1,000. 0. 0., against loss of profits, and we expected this matter would be adjusted.

We trust you will see your way to increase the amount, as the amount you sent us does not in any way compensate us for the very big loss we have been at.

Dear Sir,

With reference to your esteemed call 12th inst. and your query re plate glass insurance. We addressed same to the London & Lancashire people, and they reply as follows :—

"We are in receipt of your letter 12th inst., and note your remarks. We regret, however, we are unable to trace having received any previous intimation from you of the breakage of glass at your premises during the disturbance at Easter.

We enclose copy of the printed clause attached to the renewal notice, and trust this will serve your purpose."

In reply to the above we have to say that Mr. Fry called here himself on some other business and the writer informed him, but we presume they will rely on the notice, which we herewith enclose to get them out of it.

Gentlemen, /

I have inspected the Vulcanite Asphalte roof of your premises, and I find, on the North side of roof, in several badly burnt spots - the timber and covering gone, some of the lead flashings seriously damaged and will require renewing. The south side of roof appears to be damaged by flames sweeping the surface, and glass of lights broken.

It would be rather intricate to know the extent of damage unless stripped.

We would be prepared to put the whole work in perfect order to the satisfaction of the Corporation or Fire Insurance Co's Architect or Assessor,
