13-6-16

Dear Sir,

I have been in communication with the Military Authorities respecting damage done and loss sustained through their breaking into, and their occupation of my premises, during my absence in the country at Easter.

They state they do not admit liability and have referred me to you as the responsible person.

They have, they say, sent on my claim to you, and as it is almost a month since I wrote them, I trust you will give the matter your urgent attention.

They sent a Mr Bargrave representing Capt. Ball, and Sergeant Lang has seen place for the Police.

I have had portion of these premises let for £30. per annum and could get more for them if they were ready to let. My claim does not nearly cover the actual articles stolen or destroyed and then there is the loss of business in addition, so you will understand the need for urgency in the matter.

Faithfully W.C. Bowen.

Dear Sir ,

I beg to inform you that the Military Authorities during the recent rioting, broke into my premises, burst open door s etc, damaged walls, woodwork etc, and wantonly destroyed pr operty without reason.

No one would be more delighted than me to see the soldiers in possession and comfortable. I had to go to No.17, Lindsay Rd. (Mrs.Williams) for apartments during their occupation, and could not carry on business under the cir cumstances.

They had the entire premises under their control, all rooms being occupied by soldiers for sleeping. My own private office and kitchen for Officers Mess and Orderlies., and general Office and Shop, telephone etc. by N.C.Os. etc for Military business, and dining room for soldiers.

The last of the soldiers left my place about 1 or 2 o'clock on Monday 15th. May'16., and no responsible officer has, as yet, come to inspect the condition of premises.

When I spoke to Commanding Officer of last regiment(5th. S. Staffs) in occupation, with reference to articles stolen and property damaged, he said it was very hard on last lot in occupation. (The Dublin Fus. and Nth. Staffs.were in place before).
