Sir,

Understanding that all claims to be considered by the Committee should be sent in to you, we beg to submit the following:- We claim for two volumes of "The Times Law Reports" one bound and one unbound, belonging to this office, both of which were in the hands of Messrs Alex. Thom & Co. Middle Abbey Street on the occasion of the fire, and they have reported to us that they were lost in the fire. These books were of course not insured by us, but had been sent in the ordinary course of business for binding purposes to the firm in question.

Your obedient Servants,

*William Fry & Sons*
