Dear Sirs,

With further reference to our conversation over the telephone this morning re the increase in price on our goods we desire to say that it would be almost impossible for us to give you the exact amount of increase on each item but we think that 25% would be a very fair average. Of course a number of our goods have gone up more than this amount for instance Aluminium Paint has increased 100%. All Motor Oils 50% Non-Clog Oil which was formerly 35/- per gross is now 52/10. Standard Carbide which was 42/- per gross is now 57/6 however taking things all round we think that 25% would work out about right.

Yours faithfully,

*C. L. Hutchinson*

Dear Sir,

We thought that something would have been done  
before now with reference to our claim for stock which was  
entirely destroyed at our late premises No, 2, Ir. Abbey  
Street

You can quite understand that it is very hard  
for a small Firm working on limited Capital to be able to re-  
open again, and have to buy a considerable amount of stock  
which runs into a very large amount and which necessitates us  
looking for advances in order to cope with the demands made on  
us by the Companies with whom we do business.

Trusting you will give the matter your  
immediate attention, and thanking you in anticipation.

Yours faithfully,

*J. Kelly & Co.*
