The Secretary.

Property losses committee.

Sir.

As these tools were mostly of
German manufacture, they are
quite obtainable now. other
pattern of tools can be had now
some manufactured in America
& England. but they are in
most cases double the amount
in price.

I wrote to Thos. Bost. of
Oldham for prices of some of
the principal tools. & for
example the Lathe combination
that is the last 18 items in
my claim form. which cost me
£9.8.5. the nearest combination
they can sell me now to the
one I had. is an American
Lathe. not near so well adapted

to my work & costing £20. as
you ^{will} see although I can only
claim the actual value of the
tools I lost. I shall have an
outlay of double the amount
when buying new ones. & as the
tools I had at the time of
the disturbance were all in
good condition. I claim the
cost price of them.

I remain, Sir,

Yours truly,

E. Discor.
