Revised Report

The books of this firm show accurately the Trading from day to day. They are kept at 45 Manor St, and were produced.

Interests in the buildings

The accounts show the trading as a whole of the three shops, but are not segregated to show what each shop receives and sells. We have allocated the values over the three shops as nearly as we can having regard to the amount of turnover and the insurance of each shop. No 6 1/2 Moore St was burnt down and forms the subject of a separate claim.

MESSRS. MONTGOMERY.

Referring to your report in this case (copy attached), please say whether the three houses were separate and distinct buildings. If so, can you apportion approximately the claim of £1,250. 3. 5 for Stock in Trade etc, and the valuation of full damage between each of the three buildings? What is the assessment of full damage in this case.
