DUBLIN CASTLE.

Dear Sir,

and usually in Dublin
9/10/16

Acted on 16/10/16

During the year 1909 we loaned to Messrs Bewley & Sons, Henry St. Dublin, one 200-gallon Tank for accommodating ordinary burning Lamp Oil. In passing we respectfully mention this is a procedure adopted by all large Kerosene Distributing Companies in special cases where the Traders dealings are on an extensive scale. We are given to understand from Messrs Bewley & Sons that our Tank along with other properties was destroyed during the recent disturbances. Under the circumstances we now respectfully tender you herewith our Invoice covering the value of same. namely, £3. 7. 6d.

We would be very pleased indeed to receive your remittance in settlement at your first convenience.

Yours truly,

F.E./

FOR BRITISH PETROLEUM CO. LD.

Dear Sir,

We have your circular letter of 16th. inst. requesting an explanation as to why our claim was not made within the prescribed period, namely, 12th. August 1916, and in reply we respectfully intimate that we were under the impression until only a few days ago that the value of our claim had been included along with other properties by Messrs Bewley & Sons, Henry St. Dublin. It is found this is not the case, and under the circumstances we respectfully ask that you give the matter your consideration.

Trusting to hear from you at your convenience,

We remain,

Yours truly,

FOR BRITISH PETROLEUM CO. LD.
