Sir,

Claim for Converted Martini Miniature Rifle
with Orthoptic Sightsight (No 11. D. S.A)
Converted by W. W. Greener.

During Rebellion the above, my property, supplied by National Rifle Association was in this Office (being used for Miniature practice on the Veterans Volunteer Corps Range) and as the Military authorities were in possession of the Office for over a month when they vacated it the Rifle could not be found. I notified the Officer in charge (in the 1st class Waiting Room) who promised to have it looked up and stated he saw someone with it examining the 'sight' on the morning on which they left this Office but although he made some inquiry then, I have since heard nothing of it and must now submit a claim of £1-10-0 for Rifle and 11/6 for aperture sight.

Yours truly
Jack. A. Armstrong.
