Dear Madam,

In reply to your letter of the 8th inst. I am directed to say that as the Committee are winding up their work they regret that they are unable now to entertain any fresh claims.

Yours faithfully,

Secretary.

DUBLIN.

8<sup>th</sup> March 1917

Dear Sir

I employed a  
Contractor to look after  
my roof at 32  
Smithfield after  
frequent complaints  
from my tenant-  
Mrs Boggins. I  
thought the damage

done very slight at-  
tention and did not  
trouble about the matter.  
As 32 Smithfield was in  
the firing line in the recent  
rebellion I asked my brother  
on the application of the  
contractor to go on the  
roof. He showed him several  
bullet-holes in the slates.  
In the case of my own  
private residence and

business house I had  
several bullet-holes but  
I did not make any  
application as I did not  
understand the thing  
and did not know what  
to do. The work is  
almost complete but  
I will send you the  
contractors estimate  
mean while I leave the  
matter to your kind  
consideration  
Yours truly  
Bridget M. Peilly
