Sir / During the recent trouble 2 horses of mine
were removed from the care of above premises and
from what I can learn they were taken by the
military. my assumption is for fear of fire. as some
premises near by were on fire. I dont know
what regiment was there. Some people say the Hussars
I would feel greatly obliged if you would kindly
let me know whether any of my horses are in any of
your remount Depots.

One was a black cob. mare. 14.2. very useful
the other was a brown mare. about 16 hands.
an army reject. C on near shoulder.

Several people have told me they saw the cob.
under a military trap & driving by an officer

The favor of a reply will oblige

Yours. Respectfully

J. Scannell.
